

# New CLAMP PLIERS

## TABLE MOUNT C-CLAMP

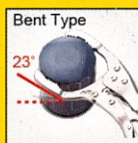

Five holes in base of tool allow fixing on machinery t-slots or on tables and workbenches.  
 Constructed of high-grade heat-treated alloy steel for maximum toughness and durability.  
 Clamps sections for drilling, light milling, welding, gluing, carving... Etc.  
 Swivel pad holds tapered work pieces without damaging them.  
 Can lock firmly or attach loosely to permit sliding and/or pivoting.  
 Designed to mount directly to your workbench.  
 Rapid lock and release. Ideal for repetitious clamping.  
 Use the T-shape screw head for easy adjustment.  
 Also handy for use with drill press or saw bench.  
 Electrodeposition coating.
